Also from the editor:-

In a futuristic world of the late 21st century, an ageing woman and her girlfriends decide to share the same man.

Millions of men have renounced relationships in favour of robots. But most women still crave relationships with real humans.

Meet Angelique: her friends think she's nuts - and they're not far wrong. She decides to share her man with her best friend. Then her best friend meets a sensual woman in her 70s, with a fetish for domination. What ensues is a crazy series of adventures (and misadventures). It all escalates when Angelique meets a shy, submissive woman who wants to break out of her shell - someone who can become her slave.

Luscious Librarians

When Ms. Chan, a tough, no-nonsense manager of the local library in a quiet suburb, realised the library was in financial trouble, she ordered her employees to strip to raise funds. She preferred not to go nude herself, but was happy for her workers to take one for the team.

Cups-Out Carnival

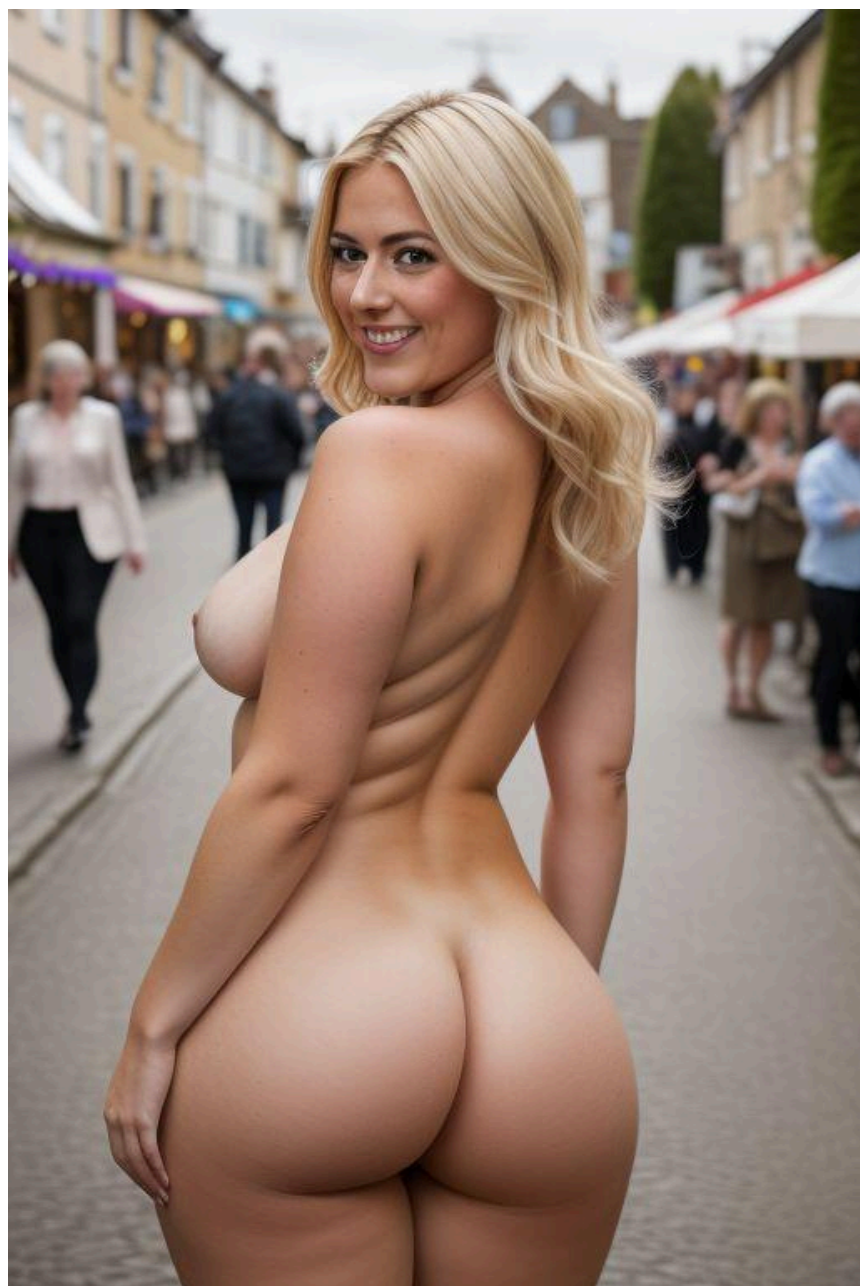

Those of you who were in England recently, probably saw the Cups-Out Carnival. It's an event in a few small villages of rural England, in honour of Lady Godiva. Women of all ages are encouraged and allowed to go nude in public, to cheer up the atmosphere and make the events more memorable.

Exhibitionist Exhibition

One thing artists want are nude models. These pictures were taken at the Melbourne Art-Nude Modelling School, shortly before it closed down, sadly, due to lack of funding. These photos immortalised them. Yet it was a great school to give prospective models confidence, and a fun place for artists to have a field day. Unfortunately, they never set up a website or a page on social media. Apart from these photos, they are almost forgotten.

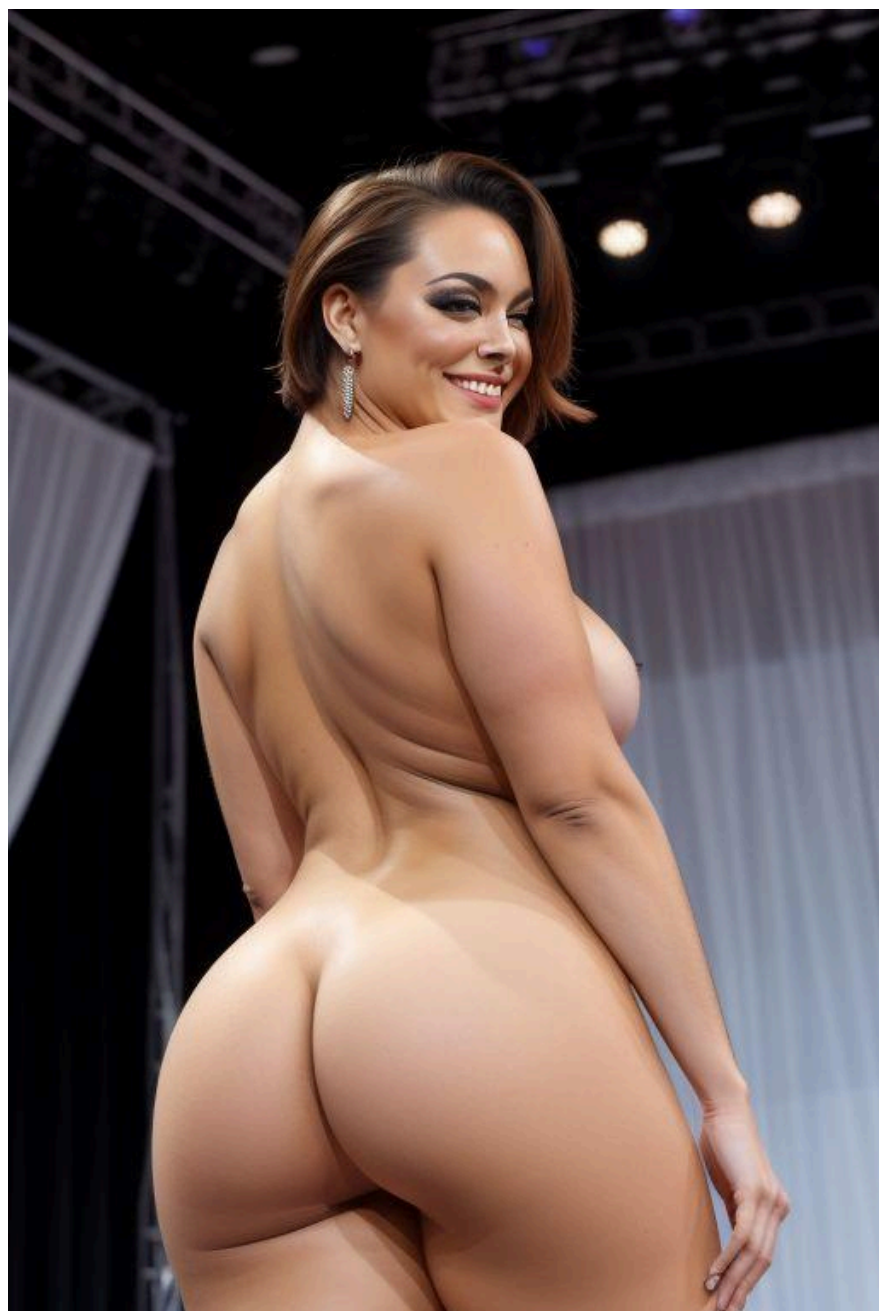

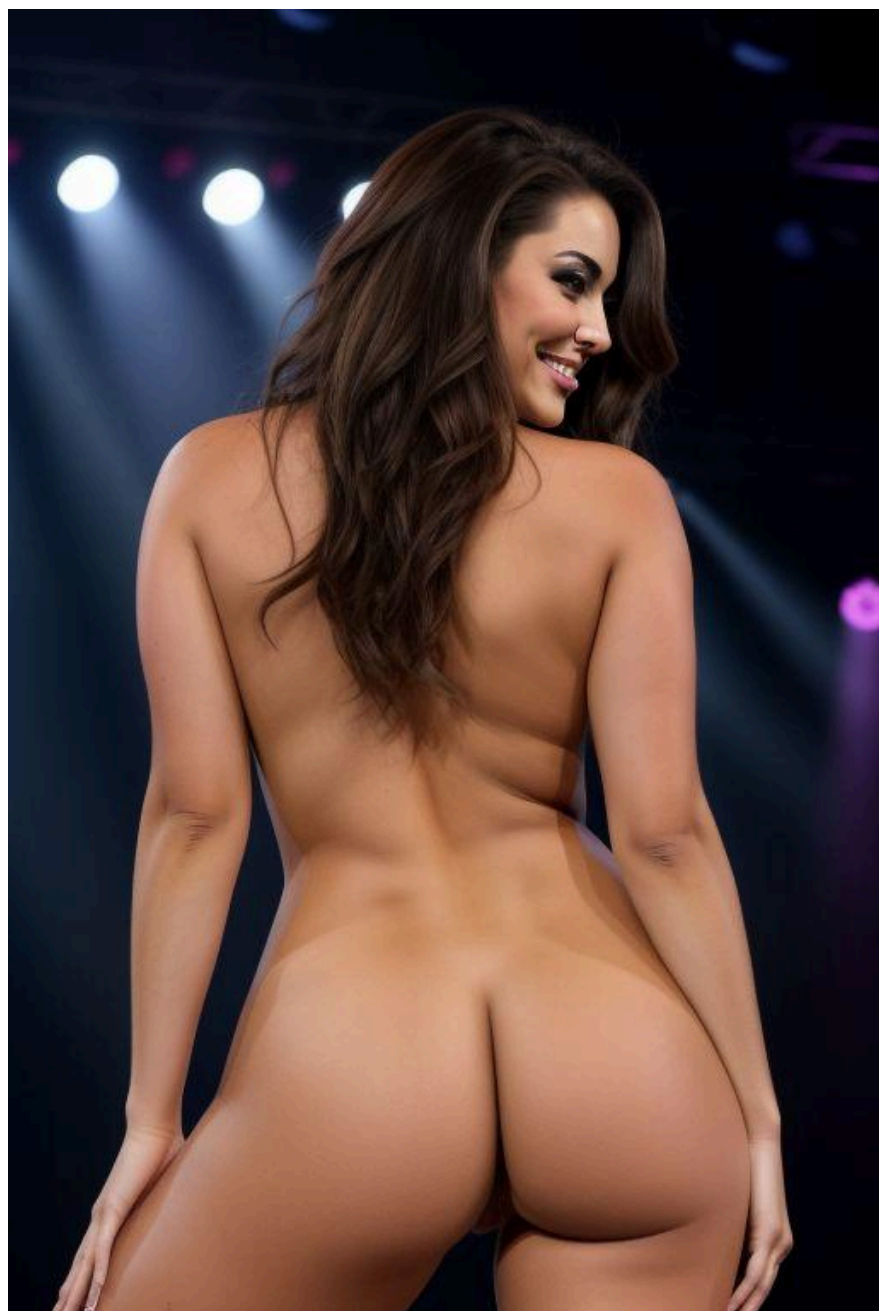

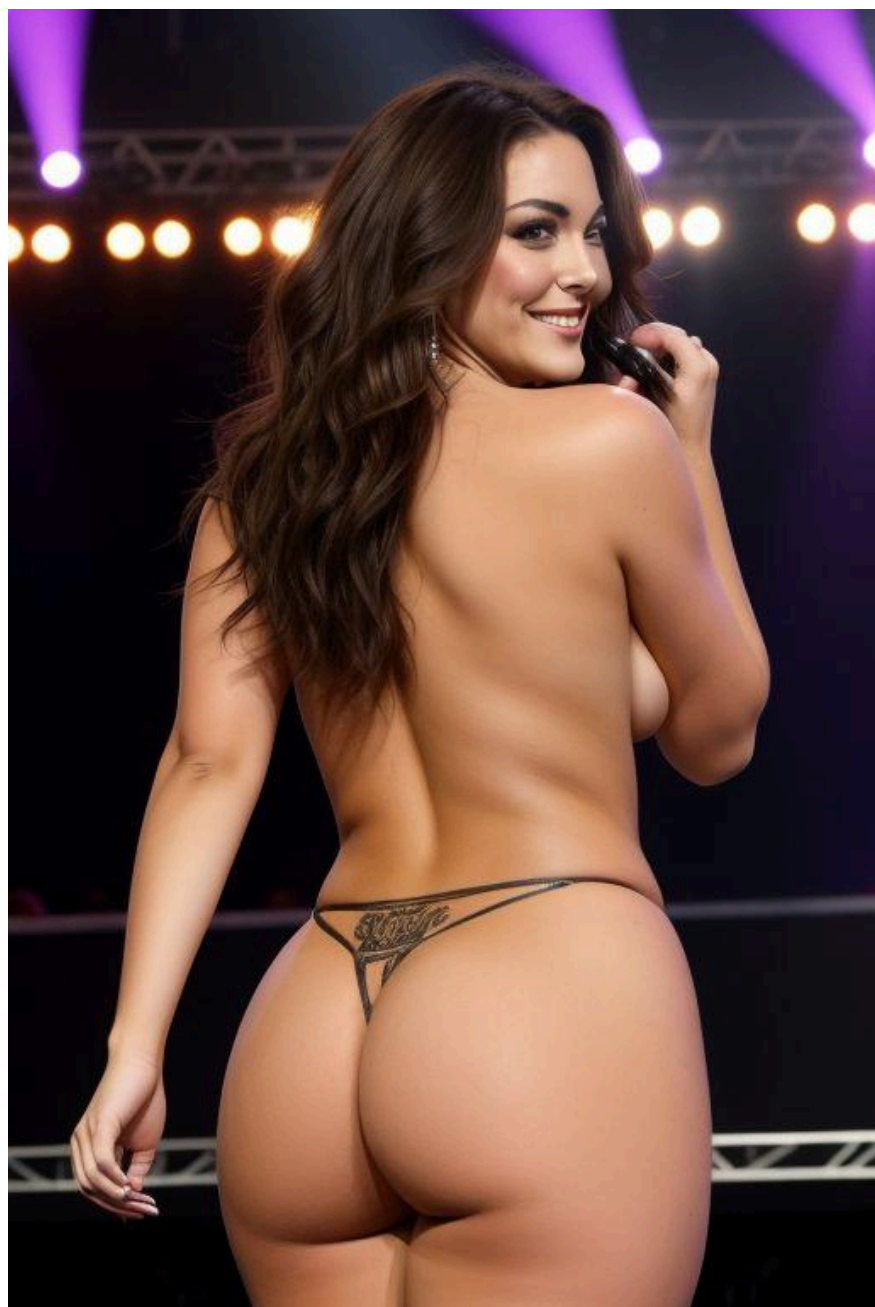

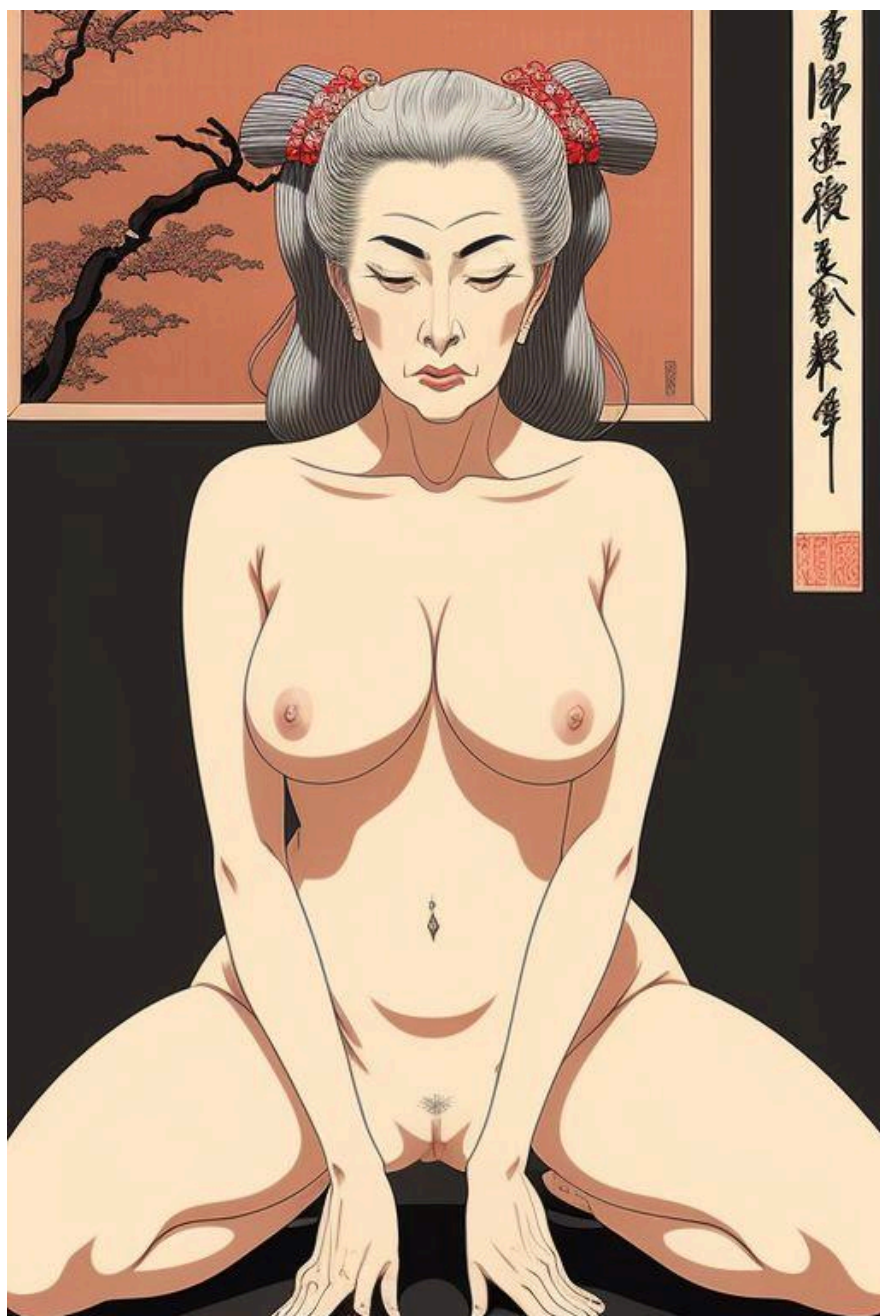

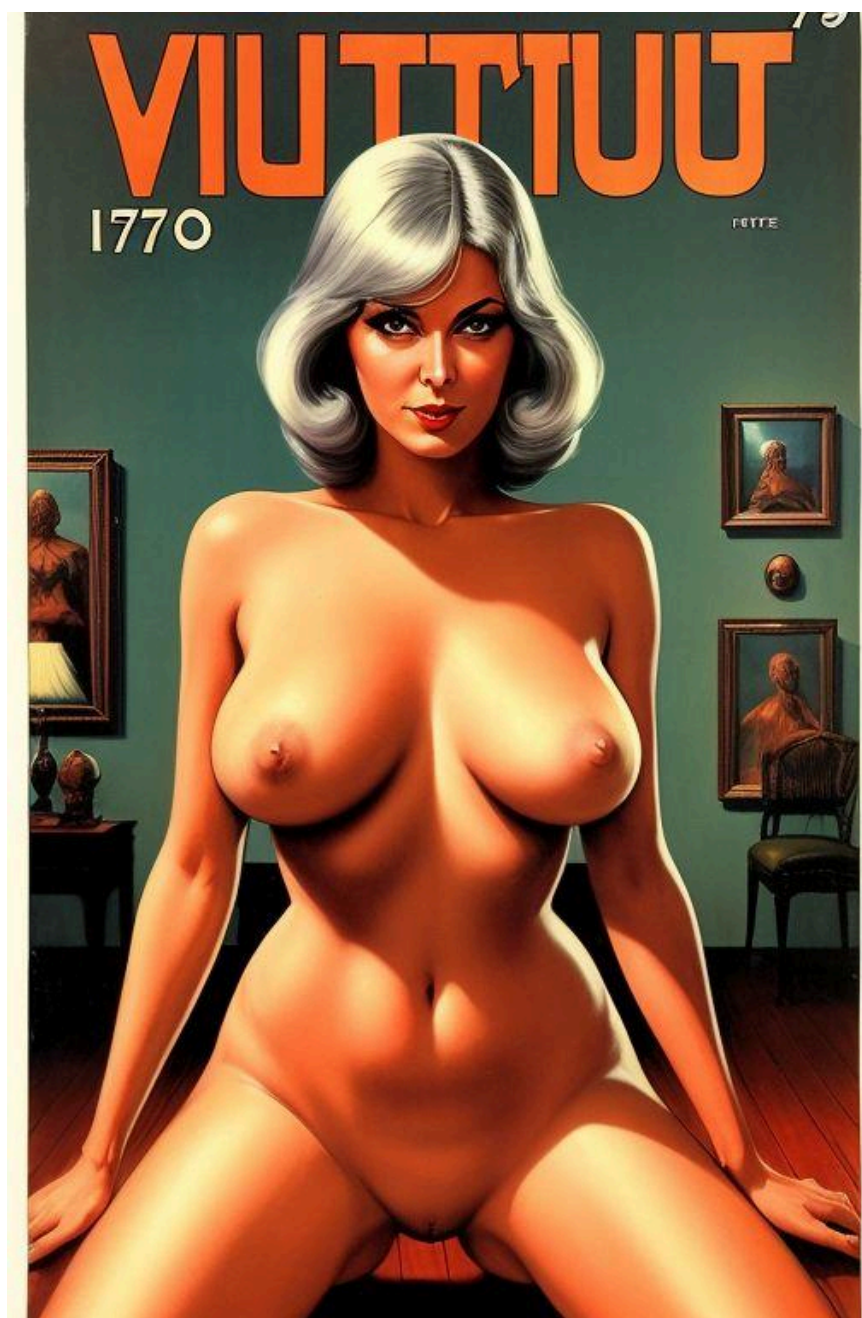

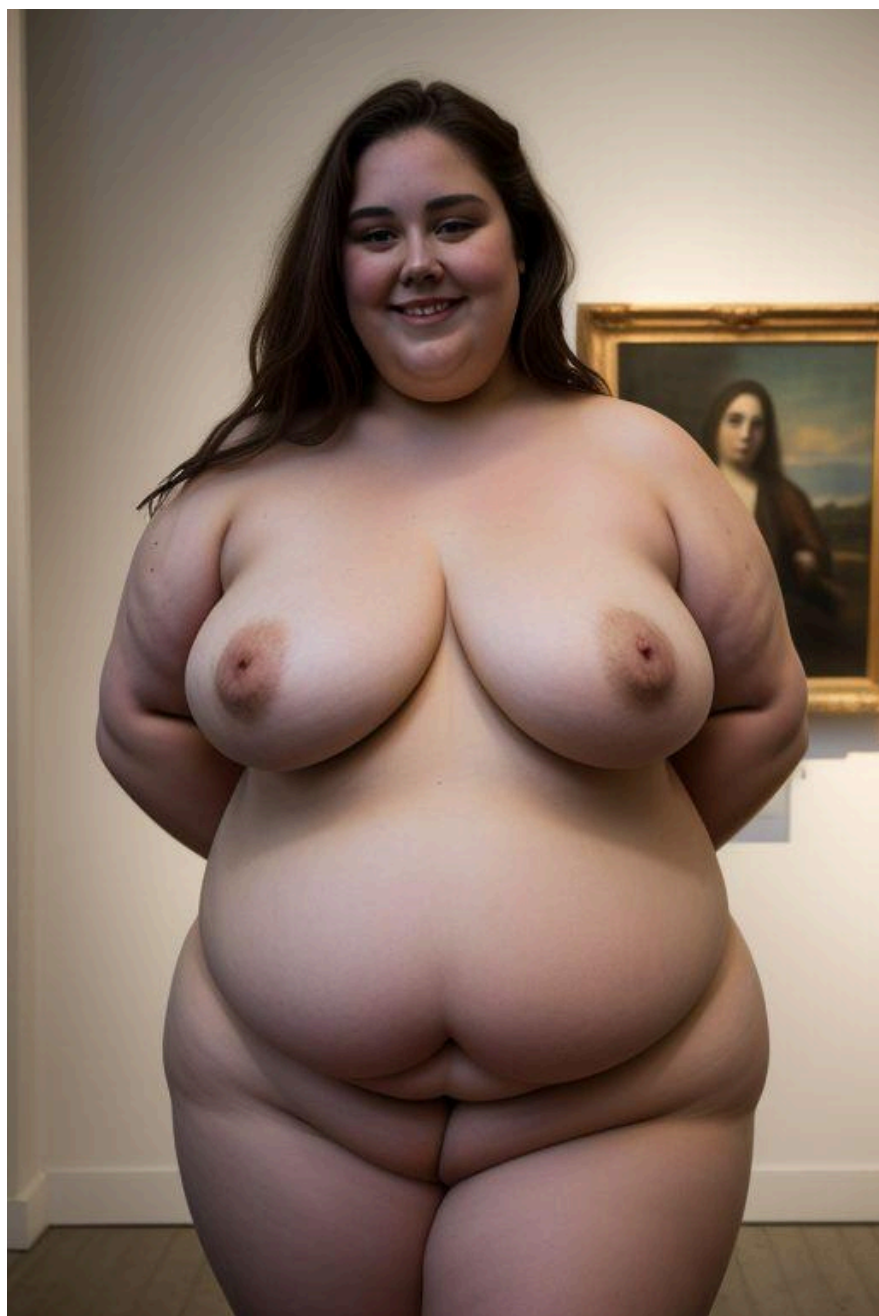

The Gala Dinner

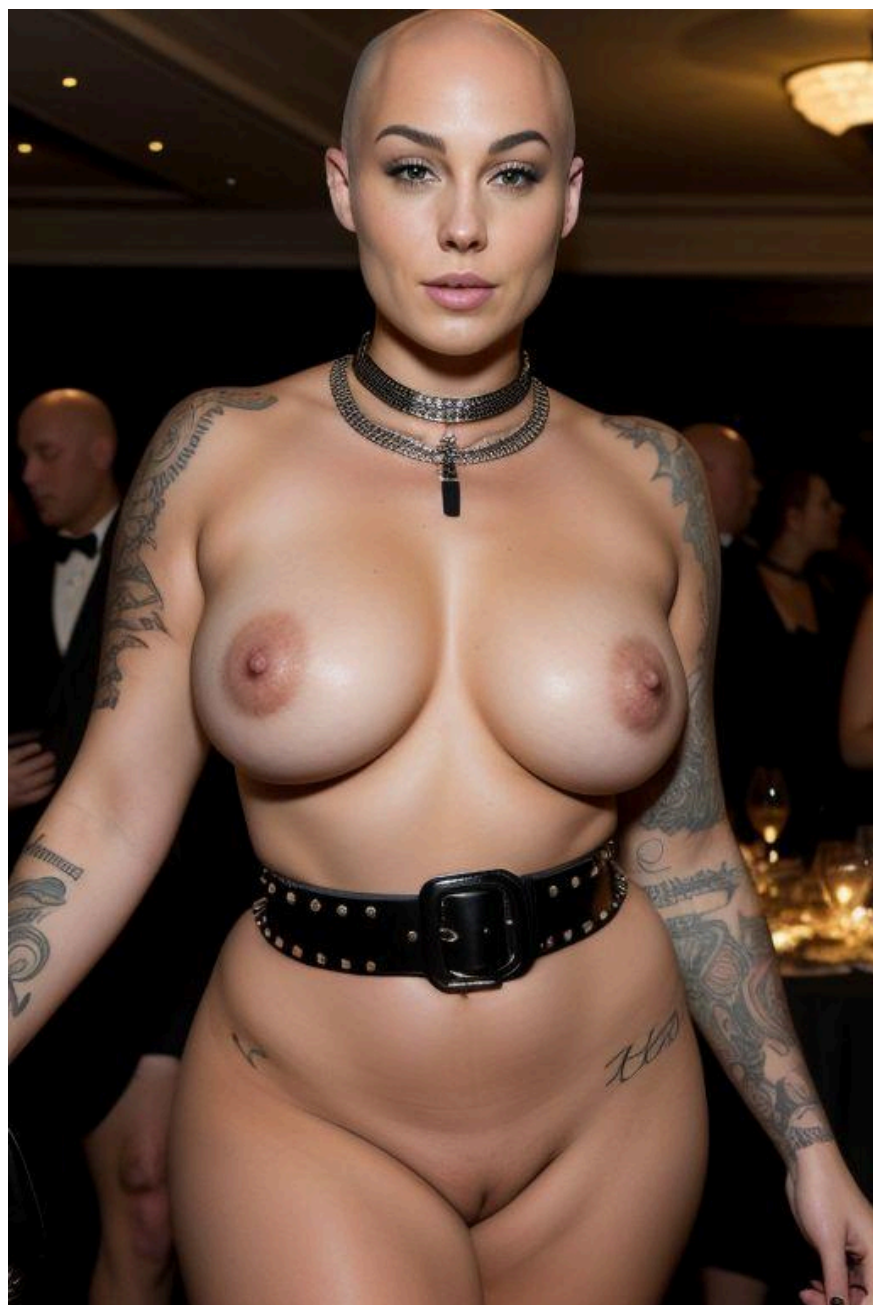

At the monthly gala dinner, for the staff of *Perfectly Imperfect Gals* magazine, female guests were offered free food if they got naked. At least half of them decided to, to save money.

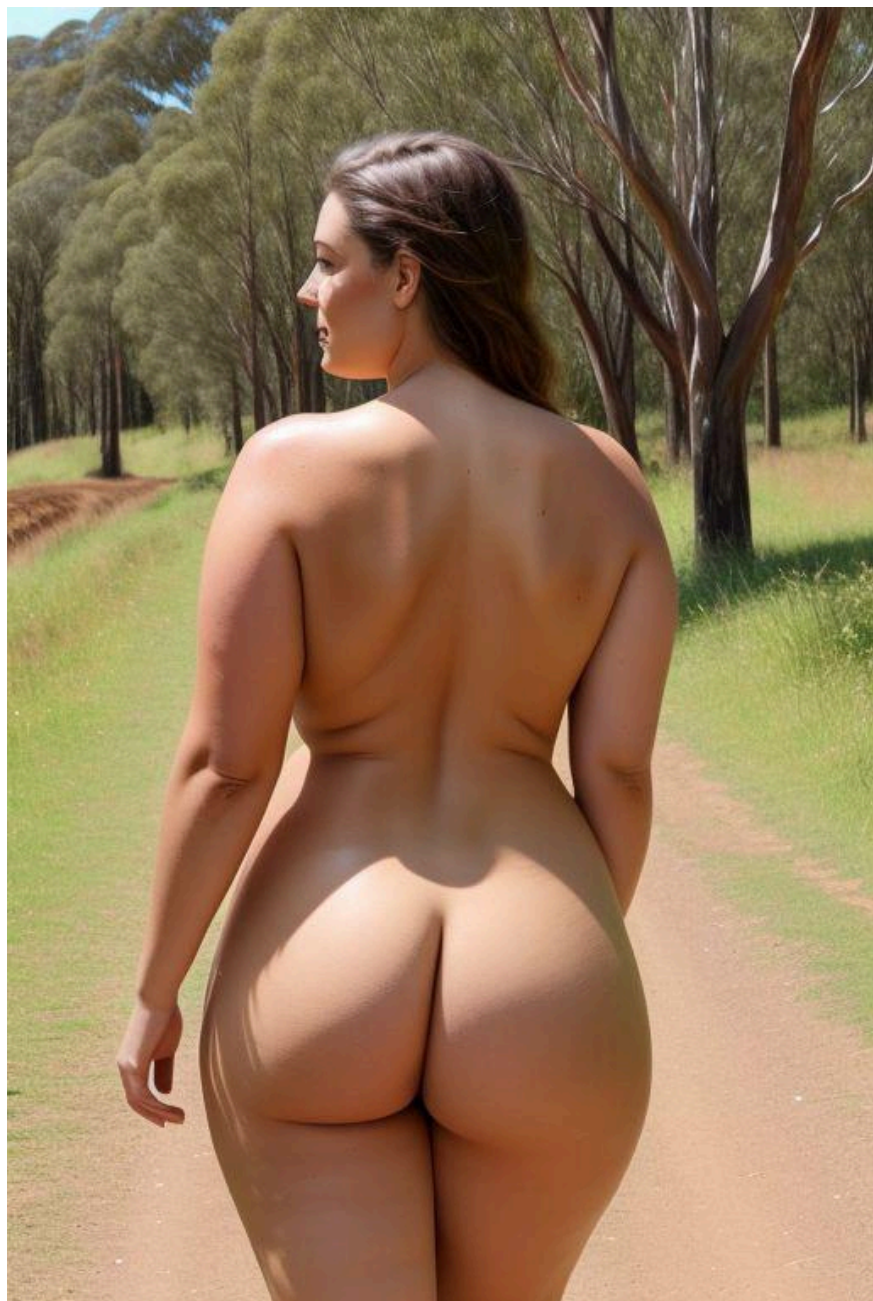

Outdoor Shoots

There's nothing more authentic for a nude model to prove her worth, than by posing outside, *au naturale*, in nature. The wind brushes against her skin and it feels liberating and exciting.

Yvonne Angelica: Decades of Modelling

Yvonne is one of our choicest models with her hot body, brazen confidence and decades of experience as a nude model. Now in her late 70s, we are very privileged to capture her on camera and present some of her artwork over the years.

Stripped on the Streets

When prospective models walk into our office looking for a job, we give them a test to see if they're serious about modelling. They have to strut naked in the streets outside our office. Only a few have freaked out and refused. But the majority of hopefuls handle the assignment like a champ. Plus we rarely make them go stark naked - they usually wear high heels and a belt or collar.

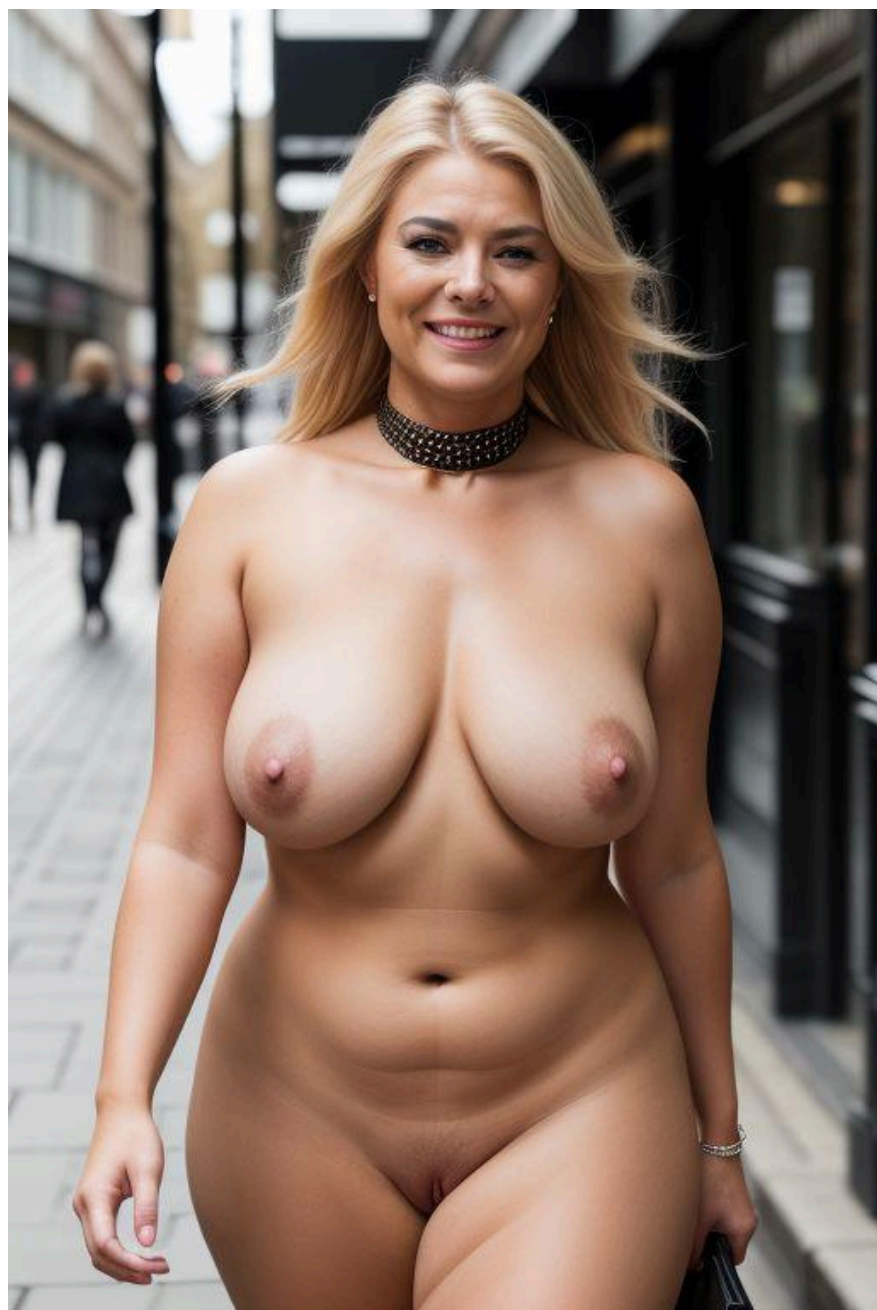

In the Editor's Home

The magazine editor has a nice house, in a secluded location outside Melbourne. He usually has several models stay over on weekends to get photographed. This is to save money by not hiring a studio. In exchange for free accommodation, the models pose for the magazine, do his housework, and entertain the editor and his wife.

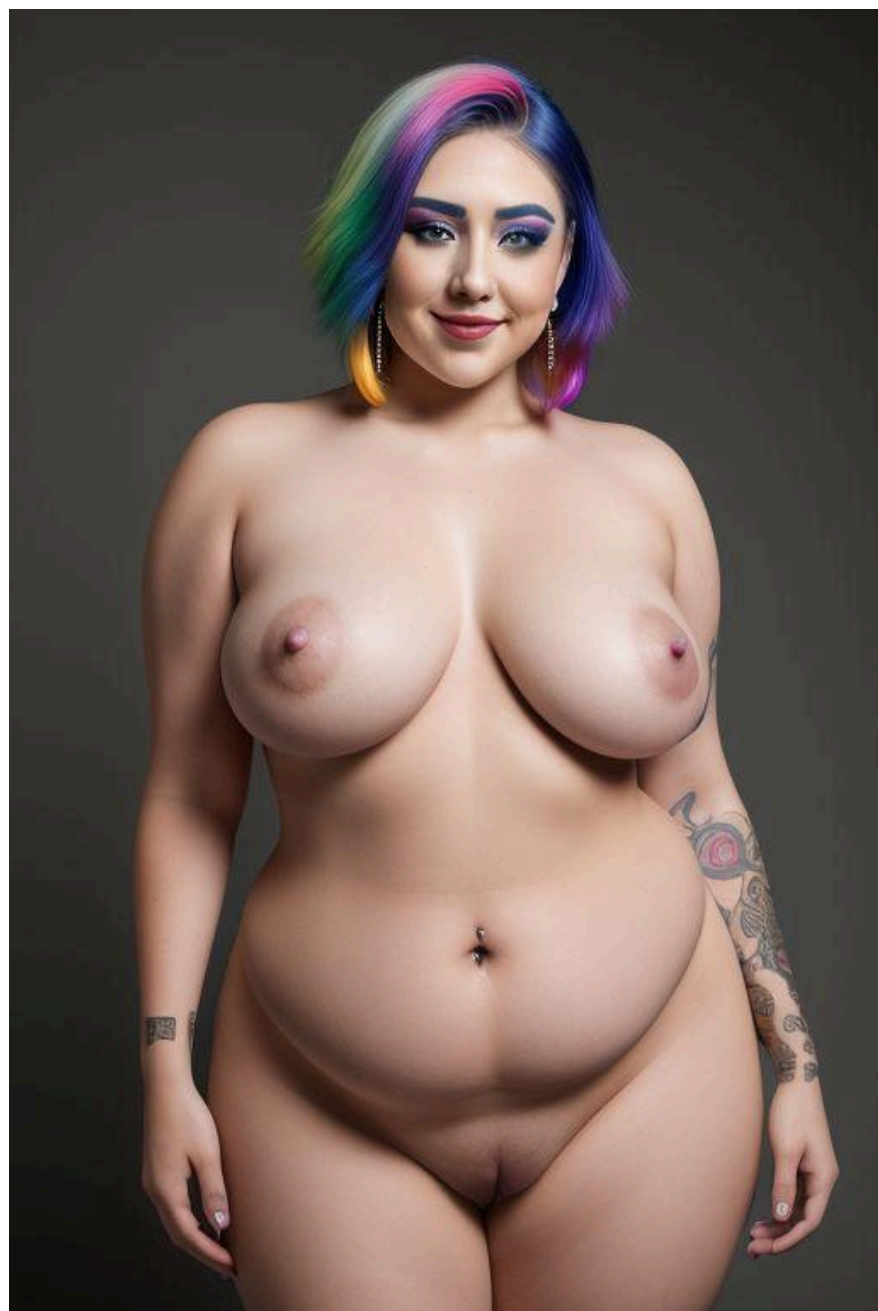

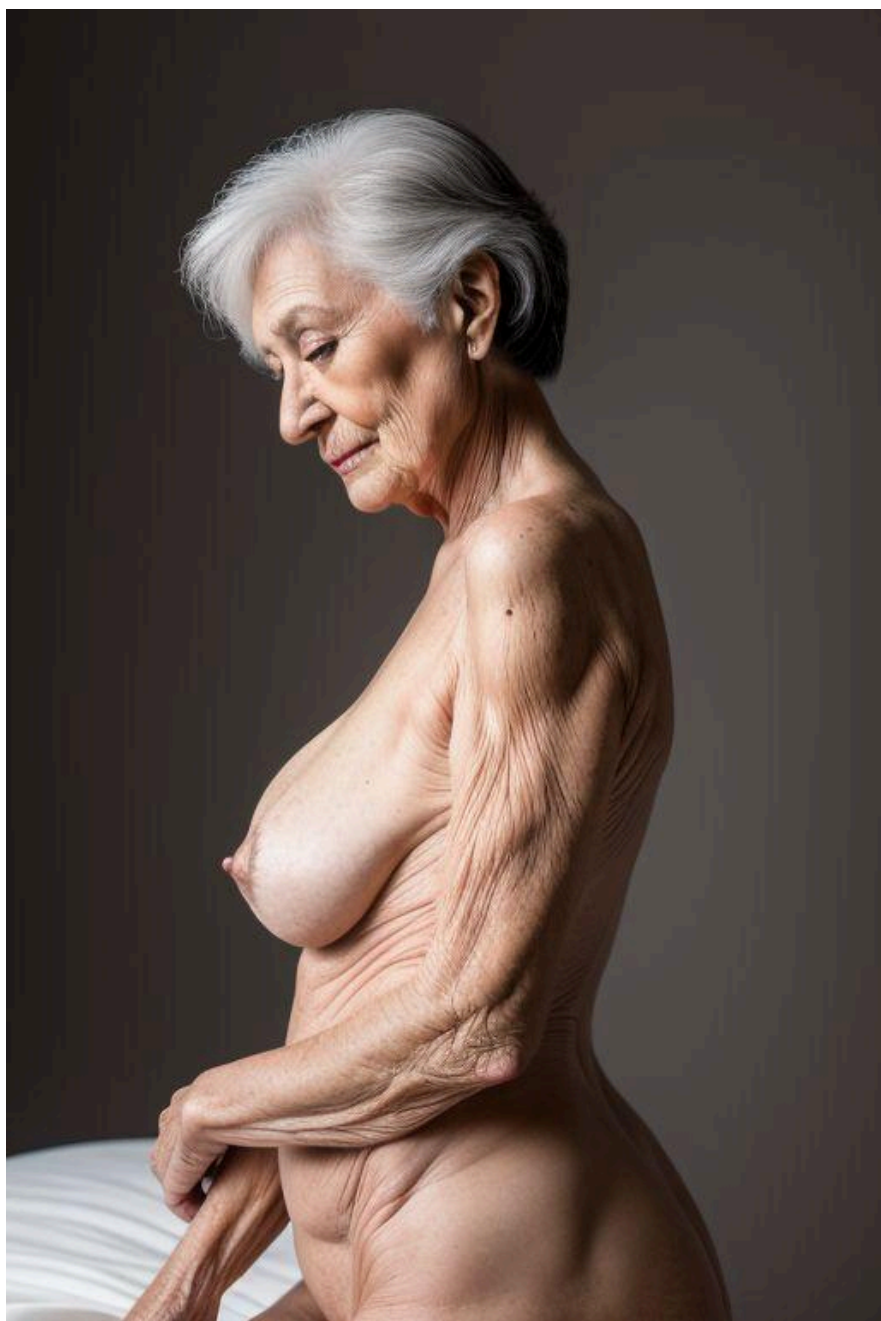

A Harem of Fantasies

What's your fantasy? This world is full of beauty and wonder. Be grateful for every moment you spend on this planet. Take nothing for granted. Be as kind as possible. Try to leave this world better than the way you found it.

Ravishing Rainbow Beauties

Women look good in (and out) of colourful clothes.

Aged Like Fine Wine

There's nothing so attractive in a woman as confidence. These women prove that beauty is ageless and gives us hope and optimism.
